Forecast For Scotland
Issued by Met Office Aberdeen
at 1600 on Wednesday 12 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Sunny intervals and scattered showers Thursday, some eastern areas cloudy.

This Evening and Tonight:
Southern and western areas will have sunny intervals and scattered heavy showers this evening, becoming mainly dry tonight with clear spells. Cloudier in the north and east, with further rain across the far north, and the odd shower elsewhere.

Thursday:
Most areas will have a bright day with sunny spells and scattered showers, locally heavy in southwest. Cloudier and coolder in the far northeast, Lothian and Berwickshire.

Outlook for Friday to Sunday:
Staying rather cloudy and cool over the Northern Isles with a little rain at times. Drier, brighter weather elsewhere but some afternoon showers, turning heavier over the weekend.
